Hannen
Canada's
By HANSEN SWAFFER

LONDON, Nov. 27.—Every time I say something which is true, I get into trouble. It is only those who blast the kiah who are always cheered.

Because, the morning after Armistice Day this year, I said on the front page of the "Daily Herald" that the words of the hymn, "Sufficient is Thine Arm Alone and Our Defense is Sure," always sang, a lying blasphemy appeared in the paper and the kiah and attacked me in a leading article which, for once, I read with interest.

Now, although my long criticism of the pomp and might, which makes the words of the hymn, "Sufficient is Thine Arm Alone and Our Defense is Sure," always sang, a lying blasphemy appeared in the paper and the kiah and attacked me in a leading article which, for once, I read with interest.

Cheery Days Precede Babe's Tragic Death

There were long, happy days in the short life of Laurette Jeanette Damery (8) before grim tragedy stalked in the little household at 11338 67 street, where Hector Damery (1) and his wife Lucienne (1) mother of the dead babe lived since their marriage on October 14, 1936, celebrated at a wedding party of 40 friends who heard the bride and groom affectionately with arms around each other. On August 13 of this year Laurette was born, and her first crying was on the back porch of their home (4), and later little Laurette was taken for an airing in the family automobile (6). Another event in the short span of little Laurette's life was her christening, and here (7) her mother, grandmother, mother and two friends of Mrs. Damery who posed for a picture in front of St. Francis church on 68 street.

Final Relief Responsibility Demanded of Ottawa

PLAIN SPEECH TIME IS HERE, BRIEF AVERS

Frank Ultimatum Sent To
Ottawa After Mayors'
Conference

Continued from Page One
cities being relieved of unemploy-
ment costs, that cities are required
to pay only 20 per cent of relief
costs. "At the present time, the
cities of Saskatchewan and British
Columbia are in this position, and
we fail to see why we should not be
treated in a similar fashion," the
report said.

PROTEST DOLE

"Before dealing in detail with
the proposed contract, we desire to
register our emphatic objections to
the proposal to carry on unemploy-
ment relief as it is now, and we
fail to see why we should not be
treated in a similar fashion," the
report said.

"We would therefore respect-
fully suggest to our provincial
authorities that they demand of the
Dominion government a new
contract which will make provision
for all able-bodied unemployed to
secure work at a fair and reason-
able rate of pay, thereby removing
them from the classification
of relief cases, and thus making
them once more self-supporting
members of the community."

"We desire to reiterate our pre-
vious decision that the present un-
employment situation is a national
problem, and that it is not within
the scope and in its effect and
should be administered on a na-
tional basis, a minimum of co-
operation is required from all
to all Canadian municipalities.
For this reason, we have been
forced to not only administer re-
lief, but also to assume financial
responsibilities in connection therewith
far beyond their ability to
meet. As a result, most cities find
themselves financially embarrassed,
even on cities which have seen their
increased beyond all reason, huge
bills of deferred maintenance have
been piled up, and the possibility of
near-insolvency has resulted."

UNFAIR DAD

"We therefore demand that our
senior governments make early
steps to meet the situation, and
that they should be treated on an
unfair level, either by providing
sufficient government-financed
works to reduce relief rolls to a
minimum, or by assuming the
entire responsibility for the adminis-
tration of unemployment relief."

"Tending this charge, we request
that the percentage system of pay-
ing relief costs be re-established
and that the cities' share of such
outlays be not greater than 20 per
cent. At the present time, the cities
of Saskatchewan and British Colum-
bia are on this basis and we fail
to see why we should not be treated
in a similar fashion."

"We have been informed by our
provincial authorities that they have
been unable to secure as generous
relief from the federal govern-
ment as they had hoped for, and
therefore as that extended to Sas-
katchewan and British Columbia
is that charge is correct, we de-
clare to emphatically protest
against such discrimination."

"We are not in a better finan-
cial position to meet the heavy
relief costs than are the cities of
the two provinces mentioned and
therefore we have no legitimate reason
why we should have to do so."

"We have been informed by our
provincial authorities that the
Dominion grant-in-aid to Al-
berta is to be reduced by \$5,000 per
month. Furthermore, our informa-
tion is that certain assistance for
the cities is being discontinued."

ASK INCREASE

"Instead of a reduction, we be-
lieve there should be an increase
and we sincerely trust our provin-
cial government will refuse to sign
a new agreement until such time as
a more equitable contract can be
secured. We submit that conditions
in Alberta are not warrant such
drastic cuts as are proposed and in
all seriousness would inform our
senior governments that we have
reached the end of our patience
and have no intention of agreeing
to any such unfair and unwarranted
proposals."

"In view of these facts, we are
sorry that in addition to increased
responsibilities for married relief,
we will also have forced on us the
burden of single men. Due to the
policy of the senior governments
in centralizing single relief adminis-
tration in the larger centres, such
cities have become the dumping
ground for men in the country.
It would be most unfair and most
iniquitous at this late date to in-
crease any policy which will al-
ternately result in such men becom-
ing city charges."

PLAIN SPEAKING

"We believe this is a time for
plain speaking. While we have no
doubt of the sincerity of the pro-
posals, we must definitely state that in-
creased assistance is to be furnished
from our senior governments that
we will be forced to recommend to
our councils one of two things:

"—That on and after a defini-
te date the cities concerned will
refuse to assume any further
responsibility for unemployment
relief; or

"—That all relief costs be
drastically reduced to a level com-
mensurate with the ability of our
cities to pay."

SCIENTIFIC ADVISORY BODY To Be Created, Says Health Chief

OTTAWA, Nov. 27.—The national
health department today announced
the immediate creation of a scientific
advisory committee on reduction
of maternal mortality. The step fol-
lowed establishment of the de-
partment's division of child and
maternal hygiene.

Members of the committee are
Professor William A. Scott, Uni-
versity of Toronto; Professor John
D. Macdonald, University of Mani-
toba; Professor Stephen Leighton,
University of Montreal; and Dr. E.
Couture, Ottawa, newly-appointed
chief of the division of child and
maternal hygiene, who will act as
secretary.

CAREFUL FACTORS

The department's announcement
said the committee's object would
be to study the various factors in-
fluencing maternal mortality and
recommend adoption of such recom-
mendations as may be considered of
value in reduction of maternal
mortality.

It recalled there is in the Domini-
on a standing committee, a standing
committee on maternal mortality
composed of Dr. T. T. O'Brien, Ont-
ario chief public health officer;
Dr. F. W. Jackson, Manitoba deputy
minister of health, and Dr. W. W.
Warwick, New Brunswick chief
medical officer.

The department said the sci-
entific advisory committee would
assist the committee of the Domini-
on in the study of the health and
preventive medicine and national
health in their studies on maternal
mortality.

FOOD SCALE

"We are of the opinion that work
rather than direct relief should be
provided all able-bodied unemploy-
ed. Pending the consummation of
such a policy, we believe that
adequate relief must be provided.
We further believe that the sched-
ule of food requirements as out-
lined in the advisory committee's
report of the provincial govern-
ment, which provides a minimum
provision for adequate cloth-
ing, is a minimum and that the
entire matter of relief ques-
tion be again surveyed by our
provincial governments, in light of
present day conditions, and would
recommend that a committee be
named immediately to undertake
this work, with at least one repre-
sentative from the cities."

"It is appreciable to the cities that
a Municipality may be able to ob-
tain 20 per cent of the cost of un-
employment relief, and would again
be eligible for government aid. This
statement, of course, must be con-
sidered in conjunction with our
earlier observations concerning the
necessity of the senior government
assuming full responsibility for un-
employment relief, and should only
apply until our desires in that re-
gard have been met."

ADMINISTRATIVE AID

"We are still of the opinion that
it is most unfair that our cities
should be asked to bear the entire
cost of administering this unfor-
tunate situation, and that the cities
be asked to bear the entire cost of
that which they are not able to
provide available to enable us to meet
this task."

"In conclusion, we desire to
state that we are prepared to co-
operate in every reasonable way
possible with our senior govern-
ments in meeting this unfortunate
situation. We feel, however,
that the cities should be treated
on an equal basis with the cities of
the people who have been forced
to assume obligations not right-
fully ours. That we have accepted
these obligations, in spite of
repeated protests as to our in-
fairness, is to our credit. That
we still continue to carry on as
in the past we are not prepared
to admit. There has got to be a
new deal and a new deal is
needed for relief."

"If this new deal is not forth-
coming then we propose to take
whatever steps we deem neces-
sary. Because there is any unfor-
tunate, and untoward results,
we will place the responsibility
for such incidents where it
rightfully belongs, on the shoulders
of the senior governments."

"We sincerely trust proper and
immediate consideration will be
given this brief and that as a result
all the hardships and inequalities
under which we have so patiently
labored will be removed without
further delay."

COPIES MAILED

"Copies of this statement are being
mailed to the Hon. N. McLeod,
Minister of Labor, Ottawa, and the Hon. Dr. J. G. Cross,
Provincial Minister in Charge of Relief,
Edmonton, for their consideration and action.
All of which is respectfully sub-
mitted in behalf of the cities of Al-
berta cities already mentioned."

will drastically cut the rate of
allowance.

Pending cities being relieved of
unemployment costs, municipalities
should be required to pay
only 20 per cent of total relief ex-
penses.

Senior governments should
adopt an unemployment works
program instead of a "dole" sys-
tem.

Cities demand a new deal
whereby the Dominion will pro-
vide work for all able-bodied un-
employed "at a fair and reason-
able rate of pay."

Instead of the reported reduc-
tion of relief costs, cities will
to the province of \$5,000 per
month, there should be an in-
crease. "Conditions in Alberta
do not warrant such drastic cuts
as are proposed."

No policy should be adopted
whereby single jobless will be
city charges.

Senior governments are not
only able to do the work, but
the situation in the cities. "The
policy of 'passing the buck' to the
cities is a failure. The senior gov-
ernment has got to stop and
make every legitimate
step possible to gain that end."

Phone Rearing Was Darning Egg

NORTH BAY, Ont. Nov. 27.—
Telephones can be used for other
things besides talking. Rates that
recently subscribers on a rural line
were here complained of one tele-
phone being used in the line. Only
the other end of the line was
it and they could hear a clock tick-
ing.

An inspector, entering a house
where an elderly lady lived alone,
found she used the telephone re-
ceiver as the "darning egg" for
socks.

KEEP PAYROLLS UP, IS ADVICE OF FEDERATION

WASHINGTON, Nov. 27.—The
executive committee of the Federa-
tion of Labor Unions today issued
a statement advising employers to
keep payrolls up to the highest pos-
sible level. The statement said that
the business recovery has been
another depression.

The present decline appears to
be a temporary check in our pro-
gressive world production. It is
advised that employers should main-
tain and higher standards of liv-
ing while business waits for ac-
cumulated supplies to be brought
forth, the federation said in its
monthly survey.

"Whether it will be of long dur-
ation depends to a very impor-
tant degree on our ability to
maintain buying power close to
its present level. The cost of sev-
eral items of clothing and household
travelling may be easily con-
sidered a serious market prob-
lem for durable consumer goods
such as homes and automobiles."

"Serious danger lies in the pos-
sibility that workers' buying power
may be reduced while industrial
production is checked during the
winter period. Measures to pre-
vent this can be taken both by go-
vernment and private industry."

BIG INCREASE IN IMPORT OF CHILLED BEEF

Great Britain Announces
New Quotas Which
Should Benefit Canada

LONDON, Nov. 27.—Substantial
increases in import quotas for chil-
led beef were officially approved
today following recommendation by
the international beef conference.

According to the proposals al-
luded to by the conference at its
meeting on Nov. 18, quotas for
chilled beef from foreign countries
during the first quarter of 1938 are
to be equivalent to the imports for
the first quarter of 1937, which were
2,063,000 hundredweight, or 41,300
cwt, more than the quota for the
first quarter of 1937.

The quotas are to be allocated as
follows: Argentina, 1,798,500 cwt;
Brazil, 151,000; Uruguay, 142,500;
New Zealand, 142,500; and other em-
pire territories during the first 1938
quarter are tentatively estimated at
100,000 cwt, or 2,063,000 cwt, or
higher than for the corresponding
period in 1937.

They are apportioned as follows:
Australia, 800,000 cwt; New Zea-
land, 142,500 cwt; other empire terri-
tories, 31,000.

INSURGENT BASE IS REMOVED TO WARMER CLIME

HEMIDAYE, Franco-Spanish Fron-
tier, Nov. 27.—The insurgent base
of action today was transferred
from the cold-tides north of Spain
to warmer territory for a smash
attack on the south coast.

Insurgent officers at Huelva said
preparations were complete for a
southern offensive to start within
a few days. The base of operations
was expected to be M61, on the
coast, halfway between Maza-
gon and the last winter's cam-
paign—and Almeria.

An early cold wave, accompanied
by heavy rain, forced both sides to
delay action on the Argon and
central fronts.

Trains of troops and supplies
have been moving south for the past
few days. The base of operations
was expected to be M61, on the
coast, halfway between Maza-
gon and the last winter's cam-
paign—and Almeria.

CLEAN HEAT

Lines To One Grown Cold

Are all my efforts then, in vain?
Can't I rekindle once again
The glowing flame that, heedless, I
Have left to smolder and to die?

Is there no spark, no dying ember,
Some loving word that you remember,
For me to fan, and nurse, and cherish?
It must be so, or I shall perish!

My cup of bitterness is filled;
I stand before you, bleak and chilled—
You only stand and calmly stare,
And let me cry, and sob and swear
That ere another Winter pass,
I'll have a furnace fueled by gas!

Major and Minor Notes

By John Oliver

On Tuesday next, at St. Joseph's college, commencing at 8 p.m., the Orpheus Male chorus, conducted by D. W. Vaughan, will appear in concert, the initial appearance of the organization for this season. Rev. Bro. Memoriam, of St. Joseph's, will be the chorist. Auditing and aid will be Thomas H. Marshall, accompanist; David C. Jones, tenor; Frank P. Stone, bass; and James G. Walker, euphonium. The program selected is one of unusual interest and should be exceptionally pleasing.

McDougall auditorium will be the scene of one of the most

Arthur for the Edmonton Ladies' chorus. Dina Heckleman, violinist, will be the assisting soloist.

In all there will be 125 voices in the concert, the main feature of which will be a presentation of "Parade of Human Life," with words by Thomas H. Marshall, and music by Walter K. Evans, who serves in a secretarial capacity for this concert. It is a presentation of the all-time values and that a specialty this program has been arranged.

The Edmonton Choral society is continuing its weekly practices for presentation of Handel's "Messiah" at the South Side Civic block each Sunday at 2:45 p.m. Under the baton of D. W. Vaughan, rehearsals are progressing favorably and those interested in joining will be pleased to hear that there are still a few vacancies left.

Pictures were also shown of a Popeye comedy and scenes in and around Edmonton.

Helen McGregor, A.T.C.M., accompanist; Miss Bernice Jones, electrician and R. L. Edmond, trombone soloist.

Features of the program will be a selection of English songs, concert waltz, "Zerlina," military fantasia, "Trooping the Colors."

Severe, stiffening pains in her legs and hands afflicted Mrs. N. Valliere, 66 Clarendon St., Braintree. She could hardly stand. At last, she started taking Templeton's T-R-C's. Now pain and stiffness are relieved, and she can walk

Scout Doings

The initial session of the annual Wolf Cub Scout conference was successfully concluded at Christ church hall. An unusually large number of Scouts, representative of all city Cub Packs, were on hand to receive the special certificate for the two week course.

Charles Rowland, Scoutmaster of the 11th Cub Pack, presented the Wolf Cub Scout certificate, in a charming and instructive manner, assisted in the lecture were Mr. Rowland, Scoutmaster of the 11th Cub Pack, and various local cubmasters.

A. Buckman, executive of the Scout Association, gave an exceedingly interesting lecture on "Jungle Lore," teaching on the various aspects of the jungle and the animals which were very favorably received by the youthful audience.

The second of this lecture will be heard by Scouts at the second annual conference.

This Saturday night conference will bring in place of the customary small fee, a Christmas tree which will be distributed to some needy child through the efforts of the Scouts and Scouts of the city.

A new committee has been appointed in Vermilion with Lewis, J. J. Part, F. L. C. and C. H. H. as members.

An instruction meeting to promote the sale of Christmas trees was held at the Y. M. C. A. on Saturday afternoon in the presence of Mr. J. J. Part, F. L. C. and C. H. H.

As a result of the Saturday meeting, a number of Christmas trees were sold, and the proceeds will be used for the benefit of the needy.

VICTORIA
Here is a correction to the story of the opera, "The Windmill of Holland," which will be held on December 9, 10 and 11 in the Victoria assembly hall. Thursday and Friday performances will be in the evening and Saturday in the afternoon.

Headed by Don Gower, skating enthusiasts here are trying to establish a record for themselves, and it looks as if they be successful having already obtained the approval of the provincial and the Students Union.

The city high school girls' bowling league, organized last Wednesday, has been filled by Alice Potts, president; Alice Callaway, vice-president; Mary Fleming, secretary.

If present plans materialize a banquet will be held at the conclusion of the bowling season.

At a recent meeting of the Agass staff plans were made to distribute the Christmas edition of the paper sometime during the middle of December. A new feature will be "Midiemoiselle" written by Al Jankins.
